It's a good memory that a pair of HOOD Red Boots cannot outwear. And wear is in our opinion about the first consideration in selecting a boot. At least, other things being equal, the boot that wears the longest is the one that gives permanent satisfaction.

Besides wear there is one other outstanding HOOD feature, and that is comfort. HOOD Boots have been made for twenty-five years, and we have never in that time ceased to improve them where improvement was possible. One result is that all reinforcements are placed with scientific accuracy—not slapped on indiscriminately—and this means extra wear without clumsy weight—or comfort at the end of a long day's work. Ask your dealer what he thinks of HOOD Boots—and look them over for yourself.

HOUSE LEADERS SEEK APPROVAL ON BONUS PLAN

Representative Leaders to
Confer With Harding on
Measure Tomorrow

MAY OPEN NEXT WEEK

Minority Views of Ways
And Means Committee
To Be Filed Monday.

(By the Associated Press)

WASHINGTON, Mar. 18.—Representative house leaders expected to confer with President Harding at the White House tomorrow night regarding a program of handling the compromise soldier bonus bill. They are hopeful that he will approve of their plan for passage of the measure under a suspension of the rules.

Several of the leaders were in conference early today with Speaker Gillett and arrangements were made for him to meet majority members of the house ways and means committee and other representatives late today to discuss the question of procedure. Mr. Gillett said he still was opposed to the present agreement and added that he might not arrive at a decision today.

Replying to a question by Representative Garner, democrat, Texas, Mr. Mondell told the house today that "there was no way of determining" the exact time that the bonus bill would be called up.

Should Start Monday.

"I would say," said Mr. Mondell, "what I have said to those on the outside who have to do with the matter that I think our program ought to start next week, beginning Monday."

Mr. Mondell went on to say that there were many matters of importance before the house warranting attendance of absent members.

"Is that all the gentleman from Wyoming knows about the subject?" asked Mr. Garner.

"That's all," replied Mr. Mondell amid laughter.

On behalf of Representative Kitchen, of North Carolina, the Democratic leader, absent from the house because of ill health, Mr. Garner obtained unanimous consent for the extension until the adjournment Monday in time for the filing of minority views of the ways and means committee discussions.

New Clue Explodes And Mystery Seems Deeper in Murder

(By the Associated Press)

LOS ANGELES, March 18.—The mystery drama of the murder of William Desmond Taylor, film director, here February 1, was returned to the list of unsolved slayings today when the district attorney's office exploded a false report of an arrest reported last night from Mexicali, Lower California.

Detectives returned here today empty-handed after investigating a man in Mexicali who was proven to have no connection with the case, it was announced.

William C. Doran, chief deputy in charge of the investigation, announced that the detectives had been sent to the Mexican valley city to interview a man reported to be a former Canadian soldier, who was said by a Santa Anna-Calif., farmer to have made threats to kill a Canadian captain in Southern California.

SCREEN MASTER PIECE IS
"LADIES MUST LIVE"

Declared to be a screen masterpiece equal if not superior to his enormously successful production of "The Miracle Man" George Loane Tucker's last feature production, "Ladies Must Live," will be the feature at the McSwain theatre Monday and Tuesday. Betty Compson, who made a great hit in "The Miracle Man" in which she played opposite Thomas Meighan, is the featured player in "Ladies Must Live."

Although succumbing gradually to fatal illness just as the final scenes of the picture were taken, Mr. Tucker, lying on a stretcher, supervised the cutting of the 140,000 feet of the film that had been taken. This had to be reduced to the limit number of reels, but when the work was completed, experts asserted that the picture, from every standpoint, was the best production Mr. Tucker ever made.

PEEL FOLLOWS MONTAGU
AS INDIAN SECRETARY

(By the Associated Press)
LONDON, Mar. 18.—Viscount Peel former undersecretary of the war and air ministry, and chancellor of the Duchy of Lancaster in the present ministry, has been appointed secretary of the state of India, succeeding Edwin S. Montagu, who resigned last week.

ONE SOLDIER KILLED, OTHER NOT HURT WHEN BALLOON GETS AWAY

PARIS, March 18.—Two soldiers, helping to hold a balloon to the ground during maneuvers yesterday at the Angers Flying Field, were carried aloft when the bag was freed by the breaking of one of the ropes.

One of the men let go when about 120 feet in the air, and died of his injuries. The other succeeded in securing the rope about him and was carried some distance at a high altitude. The bag finally came down within a reasonable distance of some bushes and the soldier jumped, landing unhurt.

HEIR TO THRONE OF FREED EGYPT

Prince Fuad Pasha.

The recent action of the British government in releasing Egypt from the protectorate maintained over it leaves Egypt to work out its own future. As heir to the throne Prince Fuad Pasha, the Khedive, will sometime have the opportunity to rule the nation and play an important part in the development of his country.

ART DISPLAY OF SCHOOLS SHOWS MUCH PROGRESS

An art exhibit, consisting of work done by students in the Ada public schools, is now open to the public at the Chamber of Commerce rooms.

All who are interested in this kind of work among students will now have an excellent opportunity to get a view of the best work done during the past school year.

The same exhibit was prepared and sent to Oklahoma in February where it was on display during the state teachers convention. Drawings and work of art from every school and class in the city are represented in the exhibit, done up in crayons, water colorings and colored paper work.

Mrs. H. F. Felix is superintendent of arts and penmanship in the public schools and has devoted the past year among her classes in doing practical work. She states that great progress is being made by the students and the work in upper grades shows improvement over last year.

COTTON SCANDAL HEARING PUT UP ON TRIAL TODAY

New York, March 18.—Charges against officers of the American Cotton Exchange, made during the John Dow investigation of bucket-shops by the district attorney's office, will be presented today to the grand jury. District Attorney Panton announced after a telephone conference with Chicago City Magistrate McAdoo, who heard the original complaints.

Mr. Banton last night expressed a desire to have the charges that Southern cotton men and others connected with the bucketing of orders, heard in Michigan courts if Mr. McAdoo would preside. Mr. McAdoo this morning told Mr. Banton that press of other matters would make this impossible and suggested that after action could be obtained by presenting the charges direct to the grand jury.

Counselors for exchange interests had asked for a police court hearing.

Wilkin-Hale Bank in Way to Recover, Now Is Belief of Officers

OKLAHOMA CITY, March 18.—A statement of the condition of the Wilkin-Hale State bank of this city, which closed its doors March 8, was made by Prentiss Price, liquidation agent, today. Resources and liabilities showed a total of \$2,300,598.03 in the report.

Loans and discounts, totaling \$1,503,335.92, formed the biggest item in the resource column, while individual deposits of \$1,062,135.04 are the biggest in the liability list. Cash and securities due from banks is reported as \$239,652. Bills payable and rediscounts total respectively \$258,515 and \$179,000.

Price said rediscounts and bills payable would be returned in the next ten days, thus throwing back a substantial amount of paper that will bring relief to depositors.

STATE LEADER TO ADDRESS W. C. T. U.

Mrs. Josephine Buhl, Tulsa, To Be Speaker Tuesday At Meeting Here.

Mrs. Josephine Buhl, Tulsa, state president of the W. C. T. U., will be one of the principal speakers here March 21 at a county group meeting and banquet of that organization, according to an announcement made this morning by Mrs. J. W. Westbrook, secretary of the local body.

Mrs. Abbie B. Hillerman, Sapulpa, will be another out of town speaker. The business meeting will open Tuesday morning at 10 o'clock and the session will continue, with only a short interval for luncheon at 12 o'clock, until late in the afternoon. A banquet will be given at 6:30 p. m. All sessions will be in the First Baptist church.

Mrs. Westbrook explained that the fact that Tuesday is election day will not interfere with the meeting. It was unavoidable that the local session was scheduled for that day, she said. All persons interested in work of the W. C. T. U. are invited to hear the program, which will be as follows:

Key notes and law enforcement.—Mrs. Abbie B. Hillerman, Sapulpa, 10 to 10:15 a. m.—Consecration Service.—Mrs. Linscheid, 10:15 to 10:45.—Local President's Hour.—Mrs. Abbie B. Hillerman, 10:45 to 11:15.—County President's Round Table.—Mrs. Josephine Buhl of Tulsa.

W. C. T. U. and law enforcement.—Mrs. Abbie B. Hillerman. Song.—America.

BANK BANDITS STOP
CAR AND HI-JACK MEN

(By the Associated Press)
KANSAS CITY, March 18.—Three bank bandits took \$9,000 from Lee V. Williams, cashier of the Inter-City State Bank and Charles James, its teller, as they were returning from an uptown bank this morning. The bandits, in an automobile, forced the bank officials' car to the curb. Williams reported, and pointed revolvers at them. Two of the bandits were masked.

MILLION DOLLAR LOAN FOR FARMS LATEST SCHEME

School Land Commission To
Make Strong Move for
State Relief.

SELL \$2,000,000 BONDS

Bids on School Securities to
Be Received March 21
By State Officials

(By the Associated Press)

OKLAHOMA CITY, Mar. 18.—A plan by which more than one million dollars would be made available for loans to farmers under the farm loan act has been formed by the commission of the school land office and an effort will be made to put into effect a \$2,000,000 bond sale to be held soon, according to a statement today by A. S. J. Shaw, secretary of the land office commission.

Bids on school bonds to the value of \$968,000 are to be received by the commission March 21. These bonds were obtained by them in exchange for Liberty bonds bought during the war. The school bonds bear 5 percent. One hundred thousand dollars worth of notes belonging to the home loan bonds will also be held by the land commission and would be offered for sale in March.

Proceeds from the sales of these two groups of bonds will be used for loans to farmers, if the sale is successful, Mr. Shaw said.

Double-Header Will Be Featured Again In Revival Sunday

A short service tonight will be held in connection with the Christian church revival, Rev. H. M. Woods, pastor, announced early today. This is a lead-up to tomorrow night's double-header service which is expected to be even bigger than the record breaker last Sunday.

Two crowds will be accommodated Sunday night, the first service opening at 6 p. m. and the second at 7:30. Exactly the same program of special music and sermon will be given both services.

Miss Clarkie Reeves, musician who is here with the Vawter revival party, has been ill for several days but was reported much improved this morning and expects to be back at work shortly. Mrs. Mize, superintendent of personal work and publicity with the party, received word last night of the death of her mother and left today for her home in Indiana.

MAN CHAINED TO LOG
BY WOMAN IS BELIEF

(By the Associated Press)
MUSKOGEE, March 18.—City and county officials investigating the discovery yesterday afternoon of the body of a white man found tied to a log and lodged in the frame work of a new bridge being built across the Arkansas river near a small town of this vicinity, expressed the opinion today that the victim was tied to the log by a woman.

CONFEDERATE VETS CARRY BODY OF FAITHFUL NEGRO TO BURIAL

WINCHESTER, Va., March 18.—Confederate veterans were the honorary pall bearers at the funeral of "Air" Whiting, former negro slave, who died at Ponsey. Whiting, one of the few surviving negroes who served in the confederate army, attended every reunion and selected his own pall bearers.

He was captured, refused to take the oath of allegiance to the federal government and finally was released on bond of \$6,000 with the understanding that he would not return to Virginia during the period of the war.

SCANDAL CHARGES THROWN IN TEETH

St. Louis Police Official
Required To Prove His
Words or Retract.

(By the Associated Press)

ST. LOUIS, Mar. 18.—Declaring Victor J. Miller, president of the board of police commissioners, had failed to substantiate his charges that vice-clubs existed at Soldan high school, a patrons' committee, which has been investigating the charges, has demanded that Mr. Miller make a public retraction of the charges.

Mr. Miller refused to comment on the committee's action, other than to say that he probably would issue a statement later.

Mr. Miller made the charge at a meeting of religious workers at the Kings Hill Presbyterian church March 9. He asserted he knew of the existence of such a club among boys, and had been "reliably informed" that such an organization existed among girls.

The committee informed Mr. Miller that what kind of a public statement they desired him to make, and he asked that he be allowed time to confer with friends.

At various sessions held by the patrons' committee, Mr. Miller produced eleven witnesses in an effort to corroborate his charges, but the committee announced there were "hearsay or hearsay or hearsay."

INDIAN LEADER GIVEN

FREIGHT ON PAPER IS
HELD AS UNREASONABLE

(By the Associated Press)

WASHINGTON, March 18.—The rates of news print, wall paper and on some grades of wrapping paper, from manufacturing points in Wisconsin and Michigan to destination west and southwest and to general localities in the Mississippi valley were held unreasonable and undoubtedly prejudicial today by the interstate commerce commission.

In the same decision rates from certain other points in Indiana, Illinois, Missouri, Kansas to Oklahoma City, and Okmulgee, Oklahoma and Wichita, Kan., also were held unreasonable.

SENIOR LAW STUDENT
VISITS IN CITY TODAY

Joseph C. Looney, Konawa, a senior law student in the University of Oklahoma, was in the city today on business. Looney, who is a member of the American Legion and an overseas veteran of the World War, has been mentioned by Sen. McNamara as a probable candidate for the state senate but has made no definite announcement in that connection.

He will finish the state university this spring with a degree in law. He has annexed a string of oratorical honors at the state school and is prominently identified in scholastic circles.

FARMERS WILL BURY
GLOOM'S WIFE AND KIDS

W. W. Norton, one of the progressive farmers west of Ada, was in the city today. He is optimistic over the outlook for crops. He puts it this way:
"You fellows here in town buried Old Man Gloom. If this rain will keep up for a time, we farmers will bury his wife and children."

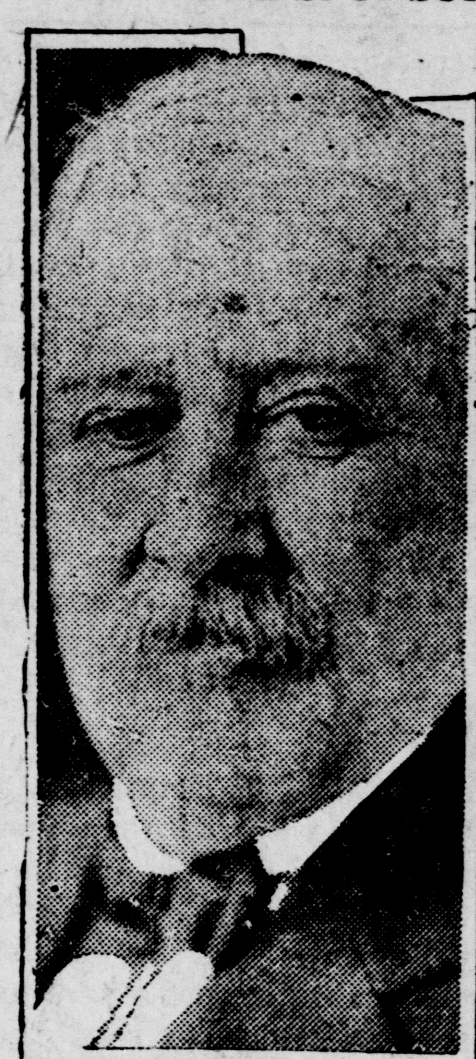

A school kid in Oklahoma City has new definitions of capital and labor. He is reported to have said, "If I lend my friend John ten dollars, that's capital. If I try to collect it, that's labor."

MAN AND WIFE PERISH
IN FLAMES AT AUGUSTA

AUGUSTA, March 18.—James A. Tamm, 60 years old and his wife, 45 years old, perished in a fire that damaged the grand opera house here this morning. The couple lived on the fourth floor of the building, which had been their home for 20 years.

The loss to the building was estimated at \$30,000. Origin of the fire has not been determined.

PROBE OF DEATH OF CIRCUS HEAD LEADS NOWHERE

RIVERSIDE, N. J. March 18.—An investigation of the death of John T. Brunen, circus proprietor shot and killed in his home a week ago yesterday, today apparently was far from solution of the slaying.

One man remained to be questioned, County Detective Ellis Parker said today. He is Paul Purrell, a concessionary, who was with Brunen's shows last season. Purrell has been found at Patterson, N. J. Park states, and has been requested to go to Mt. Holly, for questioning by Prosecutor Kelsey. According to Parker, Purrell was ordered from the city lot in mid-season, following a quarrel with Brunen.

Two men, George L. Werner, circus chief and Joseph R. "Doc" Ward, ballyhoo man, yesterday were exonerated by authorities from any connection in the case.

BROKEN AXLE DERAILS
FAST TRAIN AT DALTON

CHICAGO, Mar. 18.—A broken axle on a coach last night caused the Dixie Flyer on the Chicago and Eastern Illinois railroad to jump the track at Dalton, Ill., 17 miles south of Chicago, while speeding south. No one was injured.

The train left Chicago with twelve sleepers and coaches at 9:05 p. m. When the accident occurred six of the coaches jumped the track and bumped along the ties for nearly half a mile. A special train was rushed to the scene, the passengers transferred and the journey was resumed.

FORMER ARMY OFFICER
CONVICTED OF MURDER

Will the Democrats Do This?
(Fort Worth Star-Telegram)
The unanimous consent agreement for a final vote on the four-power treaty on March 24 which was reached in the Senate yesterday, is equivalent to an admission on the part of the Democrats that it is impossible to have any of the proposed reservations adopted.

What the Democrats must decide now is whether they will support final ratification of the treaty itself. The vote so far has been practically a partisan vote, the Democrats being joined by only four Republicans, Senators Borah, Johnson, Pollette and France, and only four Democrats, Senators Underwood, Williams of Mississippi, Pomerehne and Handzell voting with the Republicans. That is, the consideration has been paramount in this line there can be not the slightest doubt, and if the treaty is defeated the paramount motive of the defeat will be partisan.

It is to be hoped, therefore, that the Democrats will not go to this final extremity of partisan politics, for such action will do irreparable injury to our prestige among the nations. The four-power treaty is none of the dangerous things which Senators Borah and Johnson have sought to make it appear, just as the League of Nations covenant was none of the dangerous things they pictured it to be. The League of Nations covenant was defeated because of a partisan squabble. If the four-power treaty is to be defeated in the same way, the United States will stand before the world as incapable of entering into any kind of serious agreement on international affairs.

Such a condition of affairs would not reflect the real attitude of the American people. The American people are willing to enter into any kind of an agreement and should any kind of responsibilities calculated to promote the preservation of peace in the world. So far the United States has stood in the way of anything tangible being done in this direction. The sum total of the contribution of the United States to international action in the interest of peace has been a lot of high-sounding talk. We have said a great deal and done practically nothing. And such a condition does not reflect the purpose and intention of the American people.

Flappers.
(Duncan Eagle)
Some people inquire as to the meaning of the slang expression, "Flapper," applied recently to young girls of a certain type. One explanation is that it arose from the slippish habit affected by many of these youngsters of leaving their overshoes unbuckled in England long before this notion became a fad, this cannot be the true explanation.

The dictionary defines "flapper" as a young bird which has not yet learned to fly. Probably the sportsman originated this slangy use of the word, as the first effort of these girls to fit into their places in the world might remind one of the first flights of the game birds.

The older crowd should not speak too disparagingly of the flapper. She may not have the elusive charm of a former generation, when the shrinking violet type was idealized by woman. The modern flapper is trained to make her way in the business world, and hence is more self assertive. But she has enthusiasm and activity, which are qualities that win friends.

Now if these flappers will listen to wise advice from their mothers and not pursue the male animal too aggressively, they should come out resourceful women who will accomplish much in life.

Prepare for Opportunity.
(Fort Worth Record)
Disraeli once said that the secret of success was to be ready when the opportunity comes. If taken unawares at first and found wanting, do not be discouraged, but get ready, for opportunity will knock again. The old proverb, "opportunity knocks but once," is all wrong but the sooner one is qualified to take advantage of the opportunities for they come thronging, one after another, following the leader, the more certainly and more quickly will success be attained.

There is a happy medium between the European habit of hoarding and the American tendency to spend, according to Henry H. Collins Jr., of Philadelphia, a manufacturer, who holds that the middle ground is thrift, for thrift means able management whether it be in the home in industry or in the government. Quoting from a prize-winning essay by a school girl in Pennsylvania: "Thrift is the management of your affairs in such a manner that the value of your possessions is constantly being increased."

"Thrift seeks not merely to save, but to earn in investment as well as in accumulation," said Mr. Collins. "Nowadays there are many opportunities to combine both. The savings departments in banks pay interest and guard your savings. The government sells its various treasury savings securities on which it pays interest. Certainly there is no reason for anyone to save money by hiding it in unsafe places. That is not thrift in the true sense of the word, for thrift is productive. It erects factories and skyscrapers, reclaims deserts, plants cornfields, builds wheels and keeps the world in motion. If no one saved money business would halt and factory gates would close. It is your savings and mine that keep industry alive and provide work for all. So by practicing thrift, by spending less than we earn and saving the difference, we are only doing our duty to ourselves, our families and our community."

But one of the greatest benefits of thrift is that it makes provision to take advantage of the opportunities when they come knocking.

Farmer's Column

By Byron Norrell
It is now time to begin bedding out sweet potatoes and Thursday afternoon I found Rev. B. F. Stegall putting out 50 bushels of Nañey Halls and Porto Ricas. His method is to dig out the bed to a depth of something more than a foot. He then fills this with fresh horse manure to a depth of a foot or fifteen inches. On this he puts a layer of soil some five or six inches in depth. He next puts in a layer of potatoes, covers it with soil and then coats the top of the bed with a layer of barnyard manure as a fertilizer. At first he keeps a covering of corrugated iron roofing just above the top of the bed held up by a frame. This catches and holds much of the sun's heat while the manure at the bottom also gives off considerable heat. The combined influence soon brings the slips to the surface and then it is not long until they are ready to pull and set out. After a start is made Mr. Stegall removes the iron and replaces it with sheeting as in any other cold frames.

At the annual fat stock show held at Fort Worth the winner of the grand championship prize in the hog exhibit was a Duroc from the A. and M. College of Oklahoma. The Oklahoma school also came in for a number of other important winnings.

Lovelady is another community with a live club of boys and girls as I found Wednesday afternoon when I attended the first meeting of the year. School will close this week, but the club will meet with the county agents the first Wednesday afternoon in each month.

The meeting of Wednesday followed the program outlined in the year book prepared for the clubs of the state and the participants did their parts well. Eulys Brandon recited the country boy's creed and Rachel Allen gave the country girl's creed. The meaning of club emblems was given in concert. Bodie Jarrett discussed the early preparation of land for cotton, corn and small grain. Stella Ross gave some ideas about the care of young chickens. Ray Allen discussed the care of the cow and her litter. He was well prepared to handle this question as only two nights previous his Duroc sow had farrowed thirteen good pigs all of which were alive and thriving at last accounts. Miss Potter discussed the matter of improvement of school house and grounds. The club songs also formed part of the program. Mr. Hill was called on to give the club some pointers on the next township and county fairs from which it is evident that this club is already figuring strong on being there with exhibits to be reckoned with. Mrs. Duvall made a short talk directed especially to her girl members and at the next meeting they are expected to report progress. A full program was mapped out for the next meeting by the president and an interesting time is promised. The officers of this club are Ray Allen, president; Ralph Scribner vice president; Lucy Sanders, secretary.

One thing that has impressed me wherever I have attended a club meeting of the boys and girls is that Mr. Hill and Mrs. Duvall know practically all of them by name and know what they are working on. The young folks are very free to ask information from them and discuss matters of interest to them in their work. The clubs are only just starting for the year but when the growing season gets under headway it will be interesting to hear the reports of these young farmers.

Wilkin-Hale Bank

Opens Door Today For Statements
OKLAHOMA CITY, March 17.—Suits against stockholders of the Wilkin-Hale state bank of this city to collect the amount for which they are liable following the closing of it last week, will be instituted at once according to a statement by Governor Robertson and Attorney General Short. Mr. Short declared that the suits were being prepared and would be filed as soon as completed.

A statement as to his findings will be announced sometime today by Prentice Price, liquidation agent for the Wilkin-Hale bank, it was announced at the bank this morning. The institution had its doors open today for the first time since closing indicating statements of the accounts of depositors would be given out.

Plan of Nationwide Business Stimulus Formulated Friday

CHICAGO, Mar. 17.—Plans for a nationwide campaign for the general stimulation of business and the revival of merchandising were made today by the executive board of the American Gas Association meeting here.

A campaign will be waged in behalf of all business by the gas companies of the country starting immediately and the whole industry will co-operate as a unit in the program, believing that the psychological time has come for the revival of buying in all lines. With the gas companies conducting an active campaign for more business, the co-

Face Itched and Burned. Caused Disfigurement. Could Not Sleep.

"My face began to itch and burn and then broke out in hard, large, red pimples that festered and scaled over. They were scattered all over my face and caused disfigurement for the time being. I could not sleep at night on account of the irritation. I began using Cuticura Soap and Ointment and in two weeks was completely healed after using one cake of Cuticura Soap and one box of Cuticura Ointment." (Signed) Earl Oliver, R. R. 2, Princeton, Ky., June 7, 1921.

Cuticura Soap daily, with Cuticura Ointment occasionally, prevents pimples or other eruptions. They are a pleasure to use, as is also Cuticura Talcum for perfuming the skin.

operation of local chambers of commerce and other business men's organizations will be sought in an effort to promote more business in local stores and stimulate retailing, wholesaling and manufacturing everywhere.

A vigorous newspaper advertising campaign will be conducted by the gas companies, backed up by manufacturers of gas-burning equipment. "The day of better business is here," said Oscar H. Fogg, secretary-manager of the association. "The unsold market for gas appliances offers unprecedented opportunities. The unsold market in other lines offers just as many opportunities to other business and we believe that what the country needs at this time is an aggressive nation wide selling campaign which will stimulate all business. We hope that our plan may be a stimulating factor in jutting all business back on its feet."

JOE McELREATH MAKES STATEMENT

To the Voters of the City of Ada: I entered the race for Commissioner of Public Works and Property of the City of Ada without solicitation from any source and am therefore not the candidate of any clique, faction, person or group of persons.

I got seriously hurt several months ago and the accumulations of a lifetime got away from me during my affliction. I have now substantially recovered my former health and vigor and am broke and have nothing to do. I, therefore, decided to announce myself a candidate for this office and am asking for the office because I need it and because I feel fully competent to fill it. I am not physically able to go back to my old work, ranching, which I followed for so many years, because my heart would not permit me to ride horseback. However, I can do any other kind of work that I have tried.

I have had a wide experience in business and industrial enterprises and have handled large affairs. I have done railway construction work, farming, ranching, street construction work and many other lines that would fit and qualify a man for the particular duties of this office.

I see many things around the City of Ada that ought to be done that appear to be neglected. I would look after the street and alley crossings more closely than has been done and I would see to it that the important avenues and streets were worked when needed, as well as those streets on which there is no traffic. I see some of the important streets are so worn down that the water accumulates in the center of them and they receive no attention, while the unimportant streets are well graded up and are dragged regularly. I notice that in certain portions of the city and particularly in the northwest portion thereof, neither money, time nor labor is devoted to their streets.

I observe that on the railway crossings—particularly on West Main street—there are no side walks or walks of any kind and persons traveling on foot in that locality have to take chances in the street with the wagons, automobiles and railway trains.

I believe that there ought to be one or two more viaducts across the Katy railway in the vicinity of the Hays school building for the accommodation of school children crossing the railroad and I believe that they, as well as the old viaducts, should carry foot walks, so that the children crossing on these viaducts would not have to take their chances with the flivvers.

I believe that something ought to be done to divert the flood waters from the Katy crossing on East Main street. This, it seems to me, has been too long neglected, and if the voters on the East side of town will give me their support and see that I get this office I will see that this is done.

I believe that I know what constitutes a fair day's labor for a man or a team, or both, and if elected I will see that a fair day's wage gets a fair return in labor. I know how to repair and maintain road building and road working machinery and I think I would be able to operate and maintain the over abundant supply of this class of machinery now owned by the City.

I believe that East 10th street ought to be opened up across the Katy railroad. I believe that the streets and avenues crossing the Frisco railway from the station west should be opened and good crossings maintained. I believe a street should be opened up from the Glass Factory east on the north side of the Frisco railroad, so that stock driven in from that section could be taken to the Katy shipping pens or the Frisco shipping pens without being brought through the heart or residence sections of the city.

I believe that an inventory of the property of the city should be made, and the loose pipe along the various water lines in and out of the city should be gathered up and placed in storage and that that class of property should be accounted for with the same accuracy that the city's money ought to be accounted for. There are hundreds of dollars, if not thousands of dollars, worth of this class of property lying in the streets and by the road sides in Pontotoc county and in the city, subject to the corroding effects of the elements and likely to be carried away at any time by persons who might be willing to appropriate the same to their own use. This stuff should all be kept in storage, under lock and key, and should not be used except by the city.

I believe that supplies and equipment should not be bought by the city except when needed, and in such case the law should not be evaded by a pretended rental contract which is in fact an illegal purchase of such equipment. I believe that the city ought to be able to buy such equipment at its actual worth and not at greatly enhanced figures as has been charged in some cases. I believe that the city ought to get its equipment and supplies at the least price possible and not at the highest price offered.

I believe that the handling of the city's street construction and repair work and in all other matters involving labor, home labor should be employed.

I believe that the ladies possess a finer sense of beauty and symmetry and fitness of things than the men and I shall therefore desire their co-operation in the matter of

improving, maintaining and handling generally the parks, cemeteries and other public grounds and places of the city, and, if elected, shall seriously solicit their active co-operation in these matters.

I will not attempt bond issues, extensive street improvement programs, or other large expenditures of money until I have thoroughly consulted the people interested in and affected by the same and until I am convinced that the majority of the persons so affected desire the same to be done. In other words: I believe that the people whose money we spend should be taken thoroughly into our confidence and that the cards should be laid on the table subject to the inspection of all concerned. I will not build sewer or other improvements until the city is able to pay for that part of the expense which the law places upon the city. I will not sneak it over on the unsuspecting property owners.

I believe that the city administration, and particularly the Commissioner of Public Works and Property, should fully co-operate with the people in the graveling of streets and should lend every aid and assistance in such enterprises and that the city should maintain the gravelled streets without further expense to the property owners. Considering the number of streets already so improved, I believe the street tax now collected should be sufficient to carry on this work much more efficiently in the future than it has in the past.

I was born and reared in Texas; am fifty years old today, and have lived in Ada nearly eleven years.

If the people of Ada see fit to elect me to the office to which I aspire, I pledge myself unreservedly to the carrying out of all the matters and things which I have set out above and to all other things which are for the best interest of Ada or her citizenship.

If you will give me this office, I pledge you the very best and most efficient administration of its affairs of which I am capable.

Very respectfully,

JOE McELREATH,

Candidate for Commissioner of Public Works and Property of the City of Ada, Oklahoma.

St. Patrick's Party.

A party in keeping with the St. Patrick's day season was given by Miss Pearl Harrison at her home, 530 East Fourteenth street, last evening. The house and tables were beautifully decorated in shamrocks and Irish colors.

After a delightful evening was spent playing games and dancing, refreshments were served to the following guests: Misses Kathryn Wilenzick, LaVerne Lasater, Veda Reed, Clyde Kitchens, Frances Tunnell, Virginia Abney, Anna Laurie Johns, Ruth Bolen, Grace Mooney, and Gladys Ryan, and Messrs. Jackie Wright, Turner King, Jess Carr, Byron Roberts, Wylie Blanks, Frank Potts, Harley Brown, Wilson Sandler, and Clarence Hall.

Entre Nous Elects.

Entre Nous club met last Saturday afternoon in the Blue Room of the Palm Garden. Thirteen members answered roll call. The following officers were elected: Nell Hodge president; Stella Watson, vice-president; Gussie Levin, secretary-treasurer. At the conclusion of the meeting, members were presented with carnations by Dickerson and Dickerson.

E. W. WALKER MAKES STATEMENT TO PUBLIC

To the Voters of Ada: As I am a candidate for commissioner of Public Works and Property, I will say that I am qualified for the office; and if I am elected, I promise the voters and taxpayers of Ada I will give all the Ada men preference in all work so far as lies within my power. No contract will be signed by me for an out-of-Ada contractor to come in and get the work and bring in men and have it done.

I will at the end of each month make an invoice of all material bought, what it cost and show where it has been used, and what is cost to put it in place.

I will at all times work in the interest of the taxpayers of Ada and give an efficient administration. Thanking one and all for any favors you can do me towards my election, I am

Respectfully,

E. W. WALKER,

Candidate for Commissioner of Public Works and Property. 3-18-1f

SENATE LEADERS INSIST ON GERMANY'S PAYING

WASHINGTON, March 17.—Declarations that the United States should insist upon payment of its bill of \$241,000,000 for expenses of keeping American soldiers in Germany were made in the senate today by both leaders—Senators Underwood and Lodge—and Senator Borah of Idaho. Mr. Underwood also urged appointment of an American representative on the allied reparations commission.

It's a good memory that a pair of HOOD Red Boots cannot outwear. And wear is in our opinion about the first consideration in selecting a boot. At least, other things being equal, the boot that wears the longest is the one that gives permanent satisfaction.

Besides wear there is one other outstanding HOOD feature, and that is comfort. HOOD Boots have been made for twenty-five years, and we have never in that time ceased to improve them where improvement was possible. One result is that all reinforcements are placed with scientific accuracy—not slapped on indiscriminately—and this means extra wear without clumsy weight—or comfort at the end of a long day's work. Thompson's New Nine Toys
With Francis High All
Through Game.

With plenty of advantage, and without showing much form, the East Central baseball squad yesterday afternoon walked away from Francis high school nine in an easy practice tilt 13 to 3. Coach Thompson's men failed to make much at hitting but ran in several times on account of weak base playing by the Francis squad.

Anderson was mound-man for Francis but was unable to hold his team down. His backing in the field was weak and the high school team played at a disadvantage during the entire nine innings. White, Wanner, Williams and Vernon were sent to the box by Coach Thompson, while West and Burkhardt made up the other end of the battery.

Nothing larger than a two base hit was chalked up by either team. Hits by both squads were few and far between. Culver played a good game in the field and also showed fairly good at batting, getting two hits. The next practice game will be played by the college nine here next Friday afternoon with Allen high school.

With favorable weather for practice, Coach Thompson believes his team will be stronger at batting in this game.

Soccer Title to Be Decided When Teams Meet Soon

(By the Associated Press)

ST. LOUIS, Mo., March 18.—Teams of the Todd Football Club of Brooklyn, N. Y., and the Scullin Football Club St. Louis meet here Sunday in a game for the soccer championship of the United States Football association. The teams engage in the title contest by virtue of being the respective winners of the elimination series in the eastern and western divisions of the association.

The local eleven is considered to be fifty per cent stronger than last year, when the Scullins were beaten in the East by the Robins. The present Todd team, 4 to 2, for the soccer championship. Improvement also has been made in the Todd lineup, according to word received here. Most of the changes are in the back field. Manager Tate Brady of the Scullins said his forward line is the best that has been seen in action in St. Louis for many years, and that the halfbacks are stronger than last year and the fullbacks as strong. Smith and Whitehead at fullback, and Cryer and Campbell, halfbacks, are the only new men on the Todd team, while Oellerman, goal, Bentley, right back, Mulvey, outside left and Cliff Brady inside right, all of whom did not play in the finals last year, will be in action against the Todds.

Officials of the St. Louis Soccer League expect a record attendance for the contest. Soccer games in St. Louis have been attracting crowds of 5,000 and upwards on Sundays when teams of the local league play. Preparations have been made by officials in charge to insure a dry field for the game, despite inclement weather, a canvas being spread over the field for protection.

For several weeks the Scullins have been practicing daily to get in shape for the contest, which observers say will be a battle between the American and foreign style of playing soccer. On the eastern team will be a number of foreign born men who play soccer by short dribbling, while the St. Louis team has only native born players, who have developed a long dribbling game.

OHIO'S WRESTLING FANS DEPEND ON THREE MEN

(By the Associated Press)

COLUMBUS, O., March 18.—Wrestling devotees at Ohio State University are pinning their faith on three men to bring back at least one class title from the Western Conference championship tournament to be staged at Madison, Wis., March 17 and 18. Cross in the 115-pound class, Christopher, a 135 pounder and Martter at 145-pounds have been consistent winners for the Buckeyes this winter. Martter is present holder of the "Big Ten" title at 145-pounds. Entries in the tournament will be limited to the four men in the "Big Ten" at each weight who have shown to best advantage in dual meets during the winter.

SECRETARY PUTS PUNCH IN CARING FOR HIS HIGHNESS

Prince Mohammed Ali Ibrahim.

NEW YORK, March 18.—(Special)—Regardless of the famous words of Marc Antony, sweetheart of the Egyptian princess, Cleopatra, ancient ambition and the perils thereof, Prince Mohammed Ali Ibrahim, olive tinted nephew of the khedive of Egypt has one overpowering ambition.

And the royal ambition is strangely plebeian. It's nothing more or less than to be knocked stiff by one Jack Dempsey, known among the sporting fraternity as the "Utah assassin."

"Ah! What bliss to be knocked out by Jack Dempsey," quoth the ambitious one from the land of the pyramids, here to spend his paltry \$200,000 a year income in pursuit of American pugilists and—and movie "queens."

Ibrahim is quartered in a luxurious suite in the Biltmore with his secretary, Blink McCloskey, former newsboy and pug. McCloskey won his job by knocking out his predecessor.

"Every day has a punch in it," says the two-fisted boxing, social secretary.

The prince is twenty-two years old, medium height, 168 pounds of real muscle.

With the prince in addition to McCloskey are: Two big Italian racing cars, eighty pieces of baggage, a chauffeur, a valet, a dozen pairs of boxing gloves and a flock of film magazines.

"My hobby," says the prince, "is boxing. I love it and I hope to see much while I am here, and movie 'queens.' I expect to meet many of them also. My secretary and I shall go to Hollywood to see them."

FOOTBALL STAR WANTS TO WED A CHORUS GIRL

NEW YORK, March 18.—Robert S. Savage, 20 Yale undergraduate and football player, who writes poetry, today was waiting word from this mother as to her attitude toward his marriage to Gene Mitchell, 17, Broadway chorus girl.

If Mrs. Savage, who is the widow of John A. Savage, steel manufacturer of Duluth, Minn., decides it is all right, he will return to his school work and athletics and the youthful Mrs. Savage will return to her footlight capers. If Mrs. Savage, the elder, decides it's all wrong, young Mr. Savage does not exactly know just what he will do.

The boy and girl romance became known last night when the college youth and his girl were found at a hotel after their marriage at Milford, Conn., last Sunday. Young Savage was not reticent.

"I first saw my wife in a Pogo stock race in the show she was then playing in," he said. "She won the race. I was enthusiastic. Friends introduced us and I was at the show the next time. Geneva lost the race this time, but I didn't weaken. This was last fall."

Savage is the fourth of a quartet of Milford roommates who have been recently married. He comes from a football family. A brother, Edward, was fuback on Tey Coy's famous Yale team and William D. Savage played quarterback on another Yale varsity.

"My brothers have agreed this was all right," Savage said, speaking of his marriage, "but I'm waiting to hear from mother now."

FENCING MAY BECOME NEW SOONERLAND SPORT

NORMAN.—A fencing class has been organized at the University of Oklahoma under the instruction of Major Carl A. Baehr, who received his training at West Point.

A large number of students have shown themselves desirous of becoming familiar with the art of "parry in quarte," "direct reposte" and other phases of the school of foils.

It is reported unofficially that fencing may be taken over as a University sport, and that intercollegiate matches may be arranged.

ADA BOY TO MAKE TRIP WITH LARGE O. U. ORCHESTRA

NORMAN, Okla., March 17.—(Special)—Thirty-two players constitute the personnel of the University of Oklahoma orchestra for the one-week concert tour on which they are this week visiting Perry, Pawnee, Fairfax, Drumright, Cushing and Oilton, according to Milton Cohen, Muskogee, manager.

Those who are making the trip are: Dean Frederick Holmberg, director; first violins, Paul Carpenter (concert master), Willard Darrow, Edward Bowles, Perry, Adelaide Paxton, Norman, Marian Draughon, Ardmore, Helen Bailey, McAlester, Darrell Duncan, Ada, Ada Nye, Muskogee; second violins, Ray Hendrix, Norman, Gertrude Bonnell, Muskogee, Veima Vaughan, Breckenridge, Tex., Eliza Gaffney, Guthrie, Henry Atkinson, Oklahoma City, Anna Mae Sharp, Oklahoma City; Cello, Franz Kuschan, Samuel Weidman, Norman, Lee West, Richard Seibold, Buffalo, N. Y., Milton Cohen (manager); bass viola, J. Anyhow, Mr. Hinkley Haines will bear watching. Ask Hugo Bezdek.

(By Norman E. Brown)

Meet "Hinkley Haines." This genial youngster is getting a tryout with the American league champion Yankees and if he doesn't deliver in the big show he will have added some interesting dope to the book of 1922.

Haines was introduced to big league fans as a Yankee last summer. Huggins grabbed him after Hinkley graduated from Penn state and then after giving him a brief trial, farmed him to Hartford in the Eastern league, where Haines played the outfield and hit at a .300 gait.

Haines has a rep as a star athlete. Born in Red Lion, Pa., Dec. 23, 1898, he attended the high school there and starred in major sports. He entered Lebanon college in 1916 and starred there. Two years later, he entered Penn State and shone as brilliantly there. He was a star of Hugo Bezdek's famous eleven of 1920.

McGraw HOPES TO MAKE FIRST SACKER OF THIS LANKY PACIFIC COAST PITCHER

George Stanton working out at first at San Antonio.

John McGraw, Giant leader, has decided that the future holds more for George Stanton, lanky southpaw hurler, as a first baseman than as a pitcher. Stanton has two assets a good first baseman needs—rangy build and a scutumpah whip. He came from the Pacific Coast league and stands 6 feet 6 1/2 inches in height.

Yank Architecture May Be Displayed In Europe's Marts

NEW YORK, March 18.—The exhibit of American architecture, organized by the American Institute of Architects and displayed in Paris last year, has aroused so much interest abroad that plans are now being made for showing it in other European cities.

The Royal Institute of British Architects has cabled Julian Clarence Levi, Secretary of the Committee of the American Institute of Architects, proposing a series of exhibitions in the larger English cities.

Should this prove feasible there is a strong probability that the exhibits will then be sent to Italy and shown in Rome.

The exhibit comprises a large number of photographs of the most notable buildings in the United

States and represents many American cities, New York, Philadelphia, Washington, Detroit, Indianapolis, Denver, state capitols in Connecticut, Wisconsin and Missouri and examples of the architecture of American ecclesiastical and educational institutions.

It was shown at the annual exhibition of the Societe des Artistes Francais in Paris last spring and afterward under the auspices of the Royal Institute of British Architects in London.

AGGIE BASEBALL HOPES HIGH AS SEASON OPENS

(By the Associated Press)

STILLWATER, Mar. 18.—With the first flush of outdoor practice already forgotten, track and baseball prospects at the Oklahoma A. and M. College are excellent, according to coaches.

Seven regulars of the 1921 baseball squad and twelve "O" men from the track contingent have reported. A big freshman crop has added to the rolls of both camps.

POOR STICK WORK IS WEAKNESS OF ADA HIGH TEAM

Material for a high school baseball team here is not especially good on first appearances, according to Coach C. R. Cox, who states that several days of hard work will be required before he will be able to determine the best of the more than 35 candidates for places. He was confident of being able to choose a strong out-field and of having a fair battery, but in-field positions will be hard for him to fill, he believes.

Batting promises to be one of the weak spots for the local squad. Potts, on the first sack, Page taking turns at the box and third sack and Kreiger in the box and out-field, and shipman behind the bat are the only men who had up to this week made a determined showing. Kreiger had a fair season last year, and promises to be in better form this year. Page is also showing up better than usual.

Shipman is light for catcher and probably will be substituted for at intervals during the season. Coach Cox believes that if he can develop a heavy slugging nine he will be able to smooth over the weakness of his field.

Few Baseball Letter Men to Compete for Ohio Team Positions

COLUMBUS, O., March 18.—Attracted by the scarcity of letter men on the campus this spring, 80 candidates are in a merry scramble for varsity baseball berths at Ohio State University. When Captain-elect "Pat" McNulty withdrew to go south with the Cleveland Indians, only outfielder Fesler, and Coter, Griffith and Dudley, who saw more or less pitching service last year were left to form the nucleus of the Buckeye entry in the 1922 Western Conference.

Not in the decade that he has been coaching teams at Ohio State has there been such a dearth of veteran material around which to build any varsity as confronts him this spring, declares Director L. W. St. John, Bucyey baseball mentor.

For the first time in history, the Ohio State baseball squad will take a southern trip this spring, playing at Georgetown on April 14, the University of Kentucky on April 17 and 18, Maryland, also new to Buckeye schedules, comes to Columbus for games on May 18 and 19. Twenty-one games, ten with Western Conference teams are already on the Ohio State Schedule. Ohio colleges with which games are booked are: Ohio Wesleyan, Cincinnati, Denison, Wooster and Ohio University.

Long Range Swimmers of World To Compete In English Channel

LONDON, March 18.—The leading long-distance swimmers in the world are to be invited to compete in a common tournament this year at swimming the English channel, it is announced here. An international relay race—open to teams of men and women—may also be organized for the Channel coast.

A great boom in long distance swimming is forecast following the action of Adolph Alexander, president of the Channel Swimming club, in presenting that institution with a new cup to be competed for by aspirants of any nationality. The trophy is not a challenge affair but becomes the property of the first persons, man or woman, who swims the channel unaided, as did Captain Webb and T. W. Burgess.

The cup is said to rank well among the handiwork of sports trophies. From base to apex it is exactly three feet in height and it is of solid silver throughout. It weighs 375 ounces and stands on a very fine onyx plinth. "Big Bill" Burgess won the first Alexander Channel Swimming cup when he swam from England to France in 1911. Mr. Alexander's great interest in the sport is accounted for by the fact that Captain Webb was the hero of his boyhood. He considers the Channel swim the greatest athletic feat of which man is capable and the best incentive to long-distance swimming, regarded by him as the only really useful form of the art.

Y. M. C. A. SPEAKERS TO COME TO ADA FOR ADDRESS

NORMAN, Okla., March 17.—(Special)—H. V. Thornton, Jenkins, senior in the college of arts and sciences of the University of Oklahoma and an active Y. M. C. A. worker, will make a speaking tour of the state in the interest of the "Y" beginning this week in which he will visit East Central State Teachers College at Ada, Southeastern State Teachers college at Durant, Southwestern State Teachers college at Weatherford and Murray Agricultural college at Tishomingo.

ROOKIE SOUTHPAW IS MAKING GOOD WITH ROBINSON

Bill Bishop.

Bill Bishop, young southpaw hurler of diminutive size but great determination, is one of the rookies impressing Manager Wilbert Robinson of the Dodgers at the Brooklyn club's spring camp. He has wonderful control, all the vets agree.

WRESTLING WILL BE STRONGER AT O. U. NEXT YEAR

NORMAN, Okla., March 18.—(Special)—Wrestling for 1923 at the University of Oklahoma will be a bigger and better sport than it has in the past, according to Alvis Jackson, Mangum, newly elected captain of the Sooner grapplers. Although the showing made by the mat men in the season just ended was fairly satisfactory, every year brings an improvement in the wrestling team.

Retiring Captain Cooper, Watonga, is the only wrestler winning his letter this year to graduate, there being six letter men and several others on the squad to build a strong mat team for next season.

Jackson was elected to lead the next year's grapplers at a meeting of the wrestling letter men recently. He was a halfback on the football team last fall and is out now for the dashes on the track team.

Although there is no coach to fill the vacancy left by Grover C. Jacobsen who graduates from the law school this spring, Captain Jackson feels confident that Oklahoma will be able to get another good director.

The scholastic population of the city has grown so rapidly during the last two years that the board of education has been constantly faced with the necessity of seating two pupils where only one sat before.

ALWAYS TIRED NO AMBITION

Nervous and Dizzy, Everything Seemed to Worry Me. How I Got Well

Larwill, Indiana.—"My back was so bad I could not do my washing. I was always tired out and nervous and everything seemed to worry me and I had awful pains in my right side. I felt badly about four years and could not do my work as it should have been done. I saw Lydia E. Pinkham's Vegetable Compound advertised so much and it did so many people good that I began to take it myself. I am feeling fine now and every one tells me they never saw me looking so well. I live on a farm, do all my work, and have three little girls to take care of. I am recommending this medicine to my friends and know it will help them if they use it like I do." — Mrs. HERBERT LONG, R. R. 3, Box 7, Larwill, Indiana.

Many women keep about their work when it is a great effort. They are always tired out and have no ambition. When you are in this condition give it prompt attention. Take Lydia E. Pinkham's Vegetable Compound, for it is especially adapted to correct such troubles, as it did for Mrs. Long.

29 ROUNDS TOTAL FOR LEGION BOUT

Snappy Sport Events Booked for Fights Here March 30; Cooper vs. Swede.

What promises to be the best drawing sport card of the year here in its class is the scheduled bout between Arch Cooper of Ada and Battling Swede of Holdenville, who are going for 8 rounds here on the night of March 30. Counting preliminaries, the next number by the American Legion will feature 29 rounds of fast boxing, according to announcement by those in charge.

Next in importance to the Cooper-Swede bout is the final preliminary between John Baker of Ada and "Texas" Red of Salina, Tex., who will go for five rounds. Slick Hightower and Ernest Davis, colored, of Ada, will go for four rounds, and Sailor Adair is taking on Slugger Capps of Sasakwa for four rounds. Dutch Stone of Ada is making his first appearance in the ring at this bout when he takes on Johnnie Isaacs of Allen for four rounds. A four round bout between "Jack Dempsey" Sparks of Ada and Battling Knotts of Chandler is also in prospects.

Men Regala Form. Managers for the Ada men stated today that work-outs had been going on regularly and that the men were beating back into form again after a short rest following the last bout. Cooper is whipping back into shape for his next go with an out of town fighter. He has been surely and steadily progressing in the art of the gloves and his friends here are confident that he will make even a better showing in the coming bout than he has heretofore been able to show.

Work-outs are being held in the American Legion hall and those who want to see the men work out can do so by going to that place, managers said today. More out of town men are to take part in this fight than ever before and for that reason considerable interest is being shown in it. Charles Johnson, legion sport manager, stated today that the hall for the next fight had not been selected, but it probably would be fought where the last one took place.

On account of being unable to get fighters for the Ada men last month, the regular bout was postponed until the last of this month. Plenty of material for the preliminaries is available now and the bill is larger and will be better than usual, managers say.

O. M. Reed of Shawnee was in the city today on business. Mr. Reed is one of the leading merchants of Shawnee and is also proprietor of the the Reed's Department Store at Stratford.

Six building permits already have been issued this month. This makes more building for March than for both February and January, bearing out the belief of business men that building would pick up with the approach of spring. Some expressed the opinion that building will be back to normal within two months.

Sloan's Liniment
(Pain's enemy)

A Word From Lee Daggs.

The impression seems to have gone out that I don't care whether I am elected or not; surely there is no one who would take such a statement seriously.

Several of my friends solicited me to run for the office for which I am asking, expressing their confidence in me and in my ability to handle the office of Accounting and Finance of the City of Ada.

I have said and still say that I shall not try to make an active canvass of the city. Why should I? Nearly everybody in Ada knows me and knows of my ability. My telling a voter that I am worthy and well qualified should not influence him to vote for me.

When any man or woman begins running for office, naturally, that person thinks he or she is able to handle the office and affairs pertaining to it. It is, therefore, your duty as a citizen to learn, as far as possible, who is the right man for the right place, and vote accordingly; if I am not that man, don't vote for me. If the four years experience that I have had as Treasurer of Pontotoc county, where I have handled several hundred thousand dollars each year, and where I have given entire satisfaction, does not satisfy you that I have the ability to handle the office of Accounting and Finance of the City of Ada, then vote for one that you think has that ability.

I respectfully solicit your vote for the best interest of Ada; and if you find that I am best suited for the office, I then ask that you vote for me. Respectfully,
3-14-5td LEE DAGGS.

Fourth Ward Democrat Meeting.
On account of the resignation of Joe Sloan, chairman and Mrs. Tom D. McKeown, vice-chairman of the Democratic precinct committee of the fourth ward, city of Ada, I hereby call the Democratic voters of the fourth ward to meet Saturday night at 8 o'clock, March 18, 1922, in the district court room for the purpose of filling said vacancies. I hereby designate Harmon Ebey, secretary of the Democratic County Central Committee to call said meeting to order and preside over said meeting until a chairman and vice-chairman have been elected.
F. F. BRYDIA, Chairman Democratic County Central Committee. 3-15-4t

Oklahoman Praises Black-Draught,
Having Used It "Can Safely
Say for 50 Years."

Grandfield, Okla.—One of the best known farmers of Tillman County, Mr. G. W. Tisdale, who owns and manages a wagon yard here, says:

"I have used Theodor's Black-Draught—I believe I can safely say for fifty years.
"I was born and reared in Texas, Freestone County, sixty-four years ago. I have been married forty-four years. My father used Black-Draught before I was married, and gave it to us.
"For forty-four years of my married life, it has had a place on our medicine shelf, and is the only laxative, or liver medicine, we use. We use it for torpid liver, sour stomach, headache, indigestion. I don't think we could get along without it, knowing what it has done for us, and the money it has saved. It is just as good and reliable today as it was when we began its use. My boys use it and they are satisfied it's the best liver medicine they have ever used."

Theodor's Black-Draught is purely vegetable, not disagreeable to take and acts in a prompt and natural way. So many thousands of persons have been benefited by the use of Theodor's Black-Draught, you should have no hesitancy in trying this valuable old well-established remedy, for most liver and stomach disorders. Mission Society Meets.
The Missionary Society of the Christian church held its regular meeting Monday afternoon at the home of Mrs. J. S. Kittrell, 700 East Ninth street. Although it was a stormy afternoon there was a large crowd present. Five new members were added to the society. The lesson study was "Conquering the Jungles of Africa" and Bible lesson was conducted by Mrs. A. W. Wadlington. The hostess was assisted in serving light refreshments by Mrs. W. L. Mooney.

Fire Causes Small Loss.
Some damage was done to the Frank Arnett barber shop on North Broadway this morning when a fire broke out in the rear of the shop. It was extinguished by firemen before a large amount of damage was done. The origin of the fire was thought to be due to the hot water tank.

It is not lowly priced corsets that we refuse to sell, but unlovely corsets that do not bear the hall-mark of quality.

We cater to those who desire and appreciate distinctive and correct dress, whether their incomes are large or small.

Our
GOSSARD CORSETS

carry no extra charge because of their beauty and superior quality. It seems wise to say this because the distinction that comes of careful selection often gives the impression of expensiveness. Nor is there any extra charge for our exceptional fitting service that assumes full responsibility for your complete satisfaction.

Gossard Corsets ----- \$3 to \$7.50
Gossard Brassieres ----- 50c to \$2.50

We Can Prove It with a dozen New Edisons

We did prove it—absolutely and conclusively—with a single New Edison. You know we did—from the results of the test made last Monday at the Normal auditorium, when Harvey Hindermeyer and the Dann Trio compared their art with its Re-Creation by the New Edison.

We can prove it again—with any other Official Laboratory Model in our store.

Last Monday's marvelous exhibition was not the achievement of a special New Edison. It was simply a regular performance for any Official Laboratory Model.

NEW EDISON
"The Phonograph with a Soul"

Buy one of these Official Laboratory Models on our easy payment budget plan. Then you have the one phonograph that sustains the one vital phonograph test. Then you have music so perfectly Re-Created that you feel that you are listening to, living artists.

We guarantee that any Official Laboratory Model, which you select from our stock, will do everything which was done by the instrument used in last Monday's test.
